SUMMARY

Results-oriented Full Stack Developer with 3 years of experience building and maintaining web applications, specializing in backend development with C#/.NET and frontend development with React. Skilled in designing RESTful APIs, working with relational databases via Entity Framework and SQL, and delivering scalable solutions in Agile environments. Integrates AI-assisted and agentic coding tools, such as Claude Code and OpenCode, into daily workflows to boost productivity.

WORK EXPERIENCE

Software Developer/DevOps Engineer, One Way Technologies Dec 2024 - Present

- Maintain and enhance web and enterprise applications using object-oriented programming principles and modern backend technologies (primarily C#/.NET).
- Design, develop, and optimize RESTful APIs with JWT authentication and SQL databases, ensuring scalability, performance, and clean architecture.
- Troubleshoot and resolve production issues, ensuring system stability and performance.

Software Development intern, Align Technology Jun 2024 - Dec 2024

- Migrated legacy Web Forms applications to a modern MVC architecture, improving maintainability and performance.
- Developed backend components and RESTful APIs using object-oriented programming (primarily C#), supporting internal business applications.
- Managed development tasks using Jira and Git while working in an Agile (Scrum) environment.

Web Developer, Instituto de Estudio y Desarrollo Humano January 2022 - Dec 2022

- Led the end-to-end development of a web application, from requirements gathering to deployment.
 - Designed and developed full-stack features, translating business requirements into scalable and maintainable technical solutions.
-

EDUCATION

Bachelor's degree in Computer Systems Engineering May 2020 - Jun 2023

Fidelitas University

- Gained foundational skills in software development and algorithms.
- Collaborated on projects, enhancing teamwork and problem-solving abilities.

Basic Diversified Education Feb 2014 - Dec 2016

Vocacional Monseñor Sanabria High School

- Completed a well-rounded curriculum that included foundational courses in math, science, and electronics.
-

ADDITIONAL QUALIFICATIONS

- **Technical Skills:** Technical Skills: C#, .NET, SQL, Entity Framework, JWT, React, React Router, JavaScript, HTML, CSS, Vite, Framer Motion, Git, Agile, Jira, AWS, OpenCode, Claude Code, AI-assisted Development, Python, Power BI, Excel, PHP.
- **Languages:** Spanish (Native), English (90%).
- **Certifications and trainings:** AWS Cloud Technical Essentials, Git Fundamentals, Google AI Essentials, AI-Assisted Software Development, Scrum Master, Leadership and Personal Growth.
- **Soft Skills:** Receptive to feedback and continuous improvement, Analytical thinking, Leadership.
